CHARACTERIZATION

For 95 years “AutoRäderReifen – Gummibereifung” is the leading periodical for the tyre branch in Europe. The print magazine deals with all relevant questions of the national and international tyre trade & industry. Over the last years the online presence www.gummibereifung.de has evolved to be an important and reliable source of information as well. On a daily base our editors publish news of the tyre, wheel or automotive section and also detailed reports about several companies. Further services for our readers are a detailed business directory, trade fair schedule and an extensive tyre test database. Our website is supplemented by a job market, classified ads as well as pictures and video galleries.

TARGET GROUPS

The website is addressed to decision makers and employees of the complete tyre and wheel industry, as well as car dealers and garages. Retreaders, car tyre disposal companies and the supply industry are also addressed.
